Why This Space?: Mohan cooperative Industrial Estate has been a favorite of companies for its connectivity and low cost and many big companies have grown big from this location. It enjoys great connectivity from two of Delhi's thriving satalite towns, namely, Faridabad and Noida. Over the years it has also evolved as a great startup hub and many big coworking companies are opening centers here. Being close to the inland container depot, its especially popular with companies in logistics sector, E-commerce, Pharma etc. The center provides fixed desk spaces and premium cabins offer pedestal storage, whiteboards and pin-up boards while flexible desk spaces are spread across a vibrant community table setup. Entire space is completely secure with entry allowed only bio metric cards and has CCTV coverage.
